SUMMARY

I am a passionate FullStack web developer with strong front-end skills in HTML, CSS, JavaScript, React.js, and Tailwind CSS. I focus on building clean, responsive, and user-friendly websites. I also have working knowledge of backend technologies like Node.js, Express.js, PHP, MongoDB, and MySQL, and I continue to enhance my backend development skills through practical projects. I am currently seeking an internship or junior developer role where I can contribute to real-world applications and grow further as a full stack developer.
